

Lakota West Upbeat Club
March 2022 Meeting

No band director's available to report. But they did provide info that marching band numbers looking good – no prospective guard numbers yet. We expect guard numbers down, winds up. Everybody is busy and it's good to have things back to normal or at least getting there.

6:32 started.

Minutes: Rebecca/Amy – approved minutes.

Finance: Income from jazz and cakes tickets will be known later. Nothing to approve.

Winterguard no update from Jen H, she's on spring break already. WG had a good trip to PA, good experience overall. They were able to see other groups. Phil was there, mentioned that the host school was very experienced at the WGI circuit, and the BOA circuit. Shelby posted the fall audition dates, they are on the calendar. The community event is the night before Cakes. Yobys can record, or stream. Something will be done. Winds will be at CCM.

PIT – not much to report, needed some volunteers for WG, Troy Miller stepped up with his CDL to help with the truck. After Cakes, they want to tear down old props. They will break down as much wood as possible. The wheels are reusable. We need to get the old stuff out of the storage shed and we will run out of space if we don't go through this soon. Phil wants to get this all cleaned up before we change leadership. We are thinking that Richard will continue to participate, even if senioring out. Jay indicates that he wants to co-lead with somebody so he can separate at the end of the year. We are sure we will not be without any PIT team members. 1rescent moonsc8 red Cs from UC, they are blood read, they will go together throughout the show for a full moon, etc.

Concert Uniforms Katie has no updates. She is looking for a co-chair so she can turn it over next year. Marching uniforms about to be cleaned and then distributed again.

Jazz & Cakes – we all know what it is. The freshmen concert at East was a little tricky. Important to remember that this is for all bands, not just Jazz. Please share on social media, and within our circles. It's for all of us. We need lots of volunteers to make this work. – there is a letter that we have, but if NHS needs a specific type of volunteer hours. Somebody did use the QR code and so it's working. There's a reminder email that will be sent tonight.

Band camp: meeting last week to get this started – will try to lock down the budget. Will be similar to last year – 4 weeks. There will be some training for leadership team – four different tracks. We're going to do the calendar raffle – but right now it's still kind of early.

Taste of Music – Cane's, and Chipotle. One of the vendors, Kendra Scott at Liberty Center is giving back 2 day sales at the end of April (Mother's day and graduation)

Sponsorships – they are still moving along – Krystal was working on another \$500 sponsor.

Communications – The jazz event is the same day as the April UP. There's lots of conflicts

MB deposit due May 1 – that will be EZ Pay. It's the first 100. Barb would like to move to a Google format and may need Emily to help type. Band camp will be doing the food drive again so they can get used to philanthropy. There will be student led and student run event. Food will be collected the week of band camp.

Tech: Updates? Not really.

Executive Leader Team: Amy Koenes, Jen Best, Allison, Jen H for fresh VP, and Stacy Loberg for secretary. We will need 14 people to vote for exec next year. We also passed out the listing of open positions. It does require somebody to jump in and take a lead position. If there is anybody else in mind who could be used as a volunteer, please send names to the exec. Emily will attempt to submit the unofficial minutes timely.

Ashley wants to take over the **mattress sale**.

New business – kids are complaining about the shako boxes. Next meeting will be April 28. This will be after Easter, and Tax Day, but maybe some of your parents will locate additional easter eggs in the minutes?

Stacy moves to close – Jay et al approved.
